CRYSTAL UNITS A30 SERIES

FOR IMMEDIATE RELEASE:
NOVEMBER 8, 2011 SAN JOSE, CA

ITTI is announcing a new series of small surface mount type crystal unit, namely our A30 series. This crystal is targeting for small size requirements in environmental characteristics i.e. HDD, USB and Blu-ray disc applications.

Measuring at 3.2 x 2.5 x 0.8 millimeters, A30 is using a completely different material i.e. Glass, as its base while still maintaining the perfect characteristics of the product. The product is available with frequency ranging from 12MHz to 48MHz. It provides an uncompromised overall frequency stability of ± 50 PPM, over wide applicable operating temperature range from -40 °C to +85 °C. Standard lead time of these oscillators is 8 weeks ARO and the engineering sample is available now. For complete specifications, sample orders and the latest pricing, please contact ITTI at sales@itti-co.com.

About ITTI:

Since 1995, ITTI has helped engineers worldwide meet their toughest frequency control needs. We offer a wide selection of quartz crystals, crystal oscillator VCXOs, TCXOs, SAW Resonators, Filters, and Ceramic Resonators. The company is ISO-9001 and ISO-14001 certified, with facilities in China, Japan, Korea, Singapore, Taiwan, and the USA. ITTI's products are offered direct through regional manufacturers' representatives and franchised distributors.
